MRS. BIRKHOLZ

MR. GRAMSON, HIS HONOR
THE MAYOR

At the end of the twelve year school trail, we become more keenly aware of much besides classroom teaching that has directed our path:

The men who have driven the school bus, who have kept the building warm and clean, who have stood ready in emergencies to lend a tool and a helping hand, who have often understood better than others some of our personal problems------these men we wish to salute!

The business men who sponsor our yearbook, who advertise in our paper, who encourage our sports, who support our dramatic and music ventures------these warm friends of our school we also wish to salute!

To Ike, a symbol of an understanding and patient custodial staff:

To our mayor, our Chamber of Commerce president, our Parent Teacher Association president, symbols of the public spirited citizens of this community whom we truly appreciate:

To these we respectfully and affectionately dedicate the 1955 WARRIOR.

Class Prophecy

TIME: Ten Years From Now.

I remember traveling on the Sunset Highway, rounding Dead Man's Curve, when all of a sudden some Warrenton High hot rod artist side-swiped me and flipped my car over. I was knocked unconscious and before regaining consciousness, I visualized all of my classmates of '55 as they were in their respective occupations.

The first person I recalled was my best friend, Roberta Olson. She and her husband had built themselves a beautiful $20,000 home in Indigo, California. However, they discovered that Roberta was allergic to money, and they had to move to a less expensive house.

Then I saw Bill Wanker who owns the Ridge Road Speedway and is racing again for first place. The funny thing is that Bill was the only contestant.

Nadine Shappee has become a popular T.V. singer at the IOOF hall. Her theme song is the same, "Baby, Baby, Baby."

Next was Dick Maize, a wealthy bachelor who is ageing fast, as he can't make up his mind which lucky girl will receive his charms.

Jean Black has the finest breed of horses in Chicago, and owns the White Stallion of Hollywood fame.

It seems that George Barrows bought the new Safeway Store and is the No. 1 butcher. He puts the frilly lace pants on the lamb chops.

Delores Bradley has the finest trailer court you ever saw on the Ridge Road.

Darryl Bergerson has a football team and makes them exercise every day. They run five miles one way and five miles back. Of course Darryl rides horseback.

Jacque is living in Jewell, where she has been coaching the famous All-Girl volley ball team.

Henry Boyd is working as a spy for the United States defense program. He was recommended because of his remarkably talented ears that can detect the slightest whisper within miles.

Lorraine Yeager is on a trip around the world.

Dick Ferrell, in his methodical way, has become a second Sherlock Holmes and is very good at analyzing handwriting.

Ellen Corkill has become a full fledged nurse and, is now owner of the Columbia Hospital.

Paul Hayes is an actor on Broadway, Portland, Oregon and is STILL trying to introduce BOOKS AND CROOKS.

Ann Davis has become a model for Stuckrath Variety, and is going to Europe for a vacation with her manager.

Erwin Holstein has a shop called "Erwin's putt-putt cars." for many years and has finally reached the office of the gossip column. She gets most of her gossip by direct wire.

Juanita Killion has been employed at the Budget office running Sloppy Joe out of business.

Joe Koskela has a little Finnish shop in Astoria and is Stash 'Em!"

Bob May has a wrecker with the sign--"You Smash 'Em, We won't run out of gas.

Ted McCall has installed a gas pump in his car so it

Yvonne Dunn has become a famous dress designer and her speciality is dresses made of beads. Watch out girls if a string breaks.

Class Prophecy, continued.

Don Nelson is the principal of the school in Gearhart and is also the dance instructor there.

Wayne Rickerson has settled happily in the island of Bahamas. It is the Isle of Many Sweethearts.

Wendell Peterson has started a miniature motorcycle club and is making lots of money and noise.

Riley Tolbert has become a science teacher at Warrenton High and his latest assignment is, "How to get rid of spiders".

Gene Dupre has invented a pair of padded crutches for his personal use.

And last but not least, our advisor, Mrs. Gibson, is STILL telling students she is going to retire in the future!

From my hospital bed, I can recall suddenly being brought to consciousness by a sharp jab as Nurse Corkill administered a hypo in her usual energetic manner.

Class History

'Way back in 1951, on September 6, to be exact, thirty-five scared and curious freshmen walked through the doors of the Warrenton High School. They were anxious to find out what high school was like and were dreading the much heard of initiation. On a hot autumn day, the Chinook and Clatsop warriors and maidens, paid the highschool a visit. Their weapons were few, but their hardships and trials were many--will anyone ever forget that day? No, never! Initiation was over--no casualties reported. Kay McKay was nominated one of the Princesses for the Carnival. Mr. Steck and Mr. Moberg were the advisors.

In '52 the energetic sophomores sponsored two dances. The "Welcome Dance" for the new freshmen was a huge success. There was a class picnic that no one will ever forget. Mr. Garwood was the newly appointed advisor for the class.

The junior year was most auspicious. The very important Junior-Senior Banquet and Prom took lots of time and planning, but it was deemed a success. Jackie Buchanan fell out of the back of a truck while they were transporting davenports to the gym and spent her birthday and the Prom night in the hospital. The class play BOOKS AND CROOKS was one of the most hilarious ever put on and was financially a huge success.

The Senior Year, that long-looked-for time had finally arrived. The Christmas Ball was one of the most elaborate ever given and will be long remembered for its unique beauty. The red and green punch was served from carved blocks of ice on a beautifully decorated table.

The enterprising class sold shares on a portable radio and a pen and pencil set to defray expenses for the customary trip to the State Capitol. Mrs. Bergerson received the radio and Don Peterson received the Parker Pen and Pencil set. Ann Davis was elected Homecoming Queen and Darryl Bergerson was elected Homecoming King, by the studentbody.

Baccalaureate, held May 29 and Graduation June 1, took much tedious practicing but was worth every bit of the effort. The ceremony being over, the many friends and relatives greeted the graduates as young men and women, truly ready to take their place in the world.

Thirty-five juniors returned in the fall of '54 for a very busy year.

At the first meeting of the year, it was decided to sell hot dogs at noon, to earn money for the class. Anita Galusha was in charge throughout the entire year. Other money-raising ventures were a cooked food sale and Coffee 'An after the class play and the candy booth for one month.

Class rings were ordered in September and by Christmas the first order had arrived and the majority of the class were proudly wearing shiny new rings.

The Homecoming Dance, an annual affair, was managed by the juniors and was an event of the twenty-ninth of October. A large crowd, numbering over one hundred were present to witness the crowning of Queen Ann and King Darryl at intermission. The cash door prize was won by Jacquie Buchanan.

BEYOND REASON, a mystery farce, was presented by the class the fifteenth and sixteenth of December to a very receptive audience. There were twelve characters in the cast.

The annual Junior-Senior Prom, the social event of the year was held in the Spring, after a sumptuous banquet for the juniors, seniors, and faculty.

Judy Shultz was elected Assistant Treasurer as Charlotte Hale resigned.

The sophomores sponsored a "hello" dance for the entire student body in honor of the in-coming freshmen. The decorations were in the Halloween' motif and two musical skits were presented by members of the class. There was a large representation and a good time was had by all.

In November, the sophomores had a successful cooked food sale which swelled the treasury. Everyone is looking forward to their junior year.

The freshman really started this year's activities with a bang. The candy sale at the Homecoming Game certainly got the freshman class fund started.

The Sadie Hawkins Day Dance was cleverly decorated with balloons. Who would suspect that the lucky persons who got the balloons with slips of paper in them would turn out to be the entertainers for the evening!

Now we are really on our way in the sports events. Many come to see the frosh girls' tumbling team go through their paces at games.

We feel our class is really moving.

The Warrenton Warriors made their [illegible] appearance at the District 10 tourney this year. Warrenton has been in the District 10 since its organization in 1952 when it was a four-team district.

The Warriors are coached by Robert Logsdon, a graduate of Pacific University, where he received a B.S. degree. Mr. Logsdon has two years coaching experience and has been at Warrenton for one year.

The Warriors are paced by three returning lettermen, Dick Maize, Don Nelson, and Bill Stuller. Maize plays center, with Nelson and Stuller at guards. These men have formed the nucleus of Warrenton's scoring attack.

Warrenton has never been to the state "A" tournament. Last year they reached the semi-finals before they lost their second game.

Warrenton is the smallest school in the district with an enrollment of 172 students.

warrenton has been an "A" school for only a few years. We were considered a "B" school power before becoming an "A" school.

The Warriors will lose three seniors this year: Bob May, Dick Maize, and Don Nelson.

Golf Continued

This year's golf team is headed by three returning lettermen who were on last year's once beaten team.

Each year we make a better showing at the state golf tournament. We have hopes of being in the top ten teams in the state.

The young golfers were coached by a very capable instructor, Mr. Robert Logsdon, a graduate of Pacific University. This is Mr. Logsdon's first year at Warrenton.

Track

This season marks one of the largest track turnouts in Warrenton's history. Thus the 1955 season could be very successful except for the fact we have only one returning letterman, Eddie Reed.

With all this added power we are expecting big things of the Cindermen under their new coach Bob Logsdon.

The Girls' League started the year off with the drawing of big and little sisters. The activities for the rest of the year were numerous. There was the film "Harvey" for the Christmas program as well as a Christmas party with an exchange of gifts. There was a sock dance and a Mother - Daughter tea. Then there was a Chili feed for Dad and Daughter as well as the big party at the end of the school year revealing the Big Sisters' names. In all, it was a full and interesting year for the members of Girls' League.

Left to right: Gus Garbers, President; Muriel Shultz, treasurer; Judy Shultz, secretary; and Bob Adams, vice-president.

Mr. Samuel McCoy has done much for our school through the band. For the first time in years a pep band was on hand at nearly every game to cheer on both players and spectators. Since our school is small, grade schoolers had to be recruited to make the band larger and to fill empty positions.

A concert was held in the spring and it was a great success, with all who attended expressing their appreciation of the music presented.
